

Some countries are really far away. Can you use recyclable materials to design a boat or an aeroplane to travel a long way on?

Ask a grown up to help you use Google Maps to find where in the world India is. What other countries can you spot?

Use playdough to make an animal that would be found in a savannah.

I must try to...

- Read every day and sign your partnership book.
- Practise my harder to read and spell words
- Try and complete one of these extra optional tasks each week.

Sharing

Share out 9 biscuits between your 3 favourite toys. How many do they each get?

Reception Homework

Go on a summer walk. What do you notice? How is summer different to other seasons? Draw pictures of what you see.

Doubling

Go outside and collect 6 leaves. Then collect 6 more. How many leaves do you have altogether?

Number Bonds

Practise your number bonds for all numbers to 5. E.g. 5 can be made by doing $0 + 5$, $1 + 4$ or $2 + 3$. 4 can be made by doing $0 + 4$, $1 + 3$ or $2 + 2$

Use a paintbrush dipped in water to practise writing some of your harder to read and spell words outside.

Draw a picture and write a sentence about something fun you did at the weekend.

Look on our class website page to see our rhymes for this half term. Sing them with an adult at home.

Make a poster to tell someone how to stay safe in the sun.
