

Tourism brings a lot of money to coastal towns and provides large numbers of jobs for people in these areas. However, tourism can also have a negative impact on the environment. How many positives and negatives can you come up with for tourism in a coastal area?

Create an awareness campaign to encourage people to stay safe at the coast. It could be a leaflet, video or radio advert (or alternative of your choice)

Draw and label, or create a model, of a coastline, showing the key features.

I must try to...

- Read every day and sign my partnership book.
- Practise spellings and times tables.
- Try and complete one of the optional tasks each week.

Make a comic strip of the water cycle with a water droplet as your main character

Year 3/4 Homework

Go shopping with your grown up and add up the prices of the items you put in the trolley. Can you work out the total using £ and p?

Create a fact file on coasts and coastlines

It could be somewhere you have been or somewhere you have researched

Write a story with a water theme, maybe a river or sea monster that comes to life?
Use your imagination!

Measure some items at home. Can you work out the perimeter?

Think about fractions - what would the perimeter of $\frac{1}{2}$ of it be?

Can you tell someone the name of the fruits you have at home in French?

Don't forget to use "I like (J'aime...)" or "I don't like (Je n'aime pas...)"

Plant some seeds and watch them grow. Remember to take care of them, using what we learnt last block!

Can you take a picture of you reading somewhere different? On the swings at the park, sitting in a tree house, under the stairs...
